Guidance for Industry

I. INTRODUCTION 1

I. INTRODUCTION

This guidance explains how sponsors report safety findings.

II. BACKGROUND

FDA published the final rule in 2010.

A. Scope

The rule covers every IND.

1. A numbered list item in plain type is not a heading.

1. Serious Events

Report each serious and unexpected event

within 15 calendar days.

2. Fatal Events

Report fatal events within 7 calendar days.

B. Exemptions

Bioequivalence studies follow 21 CFR 320.31.

III. DISCUSSION

C. Out of Sequence

A heading that skips its first sibling stays body text.
